Greetings Seigneur Guy... said in my best French accent!

Here is the roster of who was at the demo. Thank you by the way for talking with Mrs. Grindle afterwards. Not sure where my head was. I was really not with it yesterday. Maybe my braid was too tight or I was too warm. But I am normally not an airhead (No blond roots on this head) but yesterday was my day for lapses, I'll tell ya.

I hope Putsha got some good pictures. Can you send me a couple so when I get the stuff together for the web page I can send all in one package to Guaire?  
Thanks...after GW... I know we are all in crunch time for GW.
